Open-ended questions like those above give students a choice. Teachers who prefer to check a student's understanding immediately for a correct answer can use the multiple-choice questions. The first will show a student who gives the correct answer without having to explain the reasoning. The second will show a student who gives the correct answer but has to explain the reasoning.

Open-ended questions like those above can also be used to assess a student's understanding of a concept. Teachers can use the questions to assess a student's understanding of a concept. Teachers can use the questions to assess a student's understanding of a concept. Teachers can use the questions to assess a student's understanding of a concept.

Lesson 1: Menus is a 1-hour lesson for 5th grade students. It is designed to help students understand the concept of a menu. The lesson includes a video, a worksheet, and a quiz. The lesson is available for free on the Prufrock Press website.
