Description
The story of how a 34-year-old Rod Canion, then a Texas Instruments engineer, founded Compaq with modest funding. But the young man, Canion, was on the Fortune 500 list, and he soon after that, they had acquired 80 million dollars of funding. The company had not released their software to the public, but the story was told in a book. The book is a must-read for anyone who wants to know how a small company can compete with a giant. The book is a must-read for anyone who wants to know how a small company can compete with a giant. The book is a must-read for anyone who wants to know how a small company can compete with a giant.
